DECLARATION

1. My name is Scott W. Cummings and I am a patent attorney at the firm Buchanan Ingersoll & Rooney PC ("Buchanan"). I practice in the Virginia offices of Buchanan at 1737 King St., Suite 500, Alexandria, VA 22314.

2. I became employed by Buchanan on February 1, 2006. During the relevant time period that Buchanan was responsible for the '951 application, I was at least partially responsible for prosecution of the '951 application.

3. On information and belief, prior to my employment, Buchanan was asked by the assignee of the '951 application to assume responsibility for prosecution of the '951 application. A record in our docketing system was created for the '951 application on August 28, 2005. A copy of this record is attached hereto as **Exhibit A**.

4. On information and belief, on February 2, 2006, a Power of Attorney was filed in the U.S. Patent Office by another attorney employed by Buchanan. A copy of this submission and a date stamped postcard receipt therefor is attached as **Exhibit B**.

5. The file history of the '951 application indicates that a Notice Regarding Power of Attorney was mailed to the Cantor Colburn firm on March 10, 2006 ("March Notice") in response to the February 2, 2006 Power of Attorney filing. A copy of this March Notice is attached hereto as **Exhibit C**. The March Notice stated that the Power of Attorney was not accepted. As evident from Exhibit C, the March Notice was sent to the Cantor Colburn firm, not to Buchanan. The March Notice was never received by me, and on information and belief, was

never received by Buchanan. If a copy of the March Notice had been received by Buchanan, from either the Patent Office or from a third party such as the Cantor Colburn firm, a record would have been created in our docketing system. As evident from Exhibit A, no such record was created. I was unaware that the power of attorney and/or correspondence address information for the '951 application had not been changed by the Patent Office. I was not made aware of the March Notice until after Buchanan had transferred responsibility for the '951 application to another firm.

6. I have been informed that the '951 application was abandoned for failure to respond to an Official Action with a mailing date of April 7, 2006 having a one-month period for reply (hereafter "the Official Action"). A copy of the Official Action is attached as **Exhibit D**. As seen from Exhibit D, the Official Action was sent to the Cantor Colburn firm, and not to Buchanan. The Official Action was never received by me, and on information and belief, was never received by Buchanan. If a copy of the Official Action has been received by Buchanan, from either the Patent Office or from a third party such as the Cantor Colburn firm, a record would have been created in our docketing system. As evident from Exhibit A, no such record was created. In addition, the one-month deadline for response would have appeared as an action item for the May 7, 2006 docketing record. Attached hereto as **Exhibit E** is a redacted copy of Buchanan's May 7, 2006 docketing record. As evident from Exhibit E, no due date for the '951 application appears on this date. I was unaware of the existence of the Official Action and the May 7, 2006 deadline associated therewith. I was not made aware of the Official Action until after Buchanan had transferred responsibility for the '951 application to another firm.

7. On April 25, 2006 I filed a Status Inquiry in the '951 application. A copy of this filing and a date-stamped postcard therefor is attached as **Exhibit F**.

8. On September 22, 2006, I filed an Information Disclosure Statement in the '951 application. A copy of this filing and a date-stamped postcard therefor is attached as **Exhibit G**.

9. The file history of the '951 application indicates that a Communication Re: Appeal was mailed to the Cantor Colburn firm on November 11, 2006 ("Communication"). A copy of this Communication is attached hereto as **Exhibit H**. The Communication indicates that the appeal was dismissed and the application held abandoned. As evident from Exhibit H, the March Notice was sent to the Cantor Colburn firm, not to Buchanan. The Communication was never received by me, and on information and belief, was never received by Buchanan. If a copy

of the Communication has been received by Buchanan, from either the Patent Office or from a third party such as the Cantor Colburn firm, a record would have been created in our docketing system. As evident from Exhibit A, no such record was created. I was unaware that the appeal had been dismissed and that the application had gone abandoned. I was not made aware of the Communication until after Buchanan had transferred responsibility for the '951 application to another firm.

10. On December 1, 2006 I filed a Power of Attorney and Change of Correspondence Address Indication form along with a Statement Under 37 C.F.R. 3.73(b) in the U.S. Patent Office, which was prompted by a question regarding the actual identity of the assignee (Jeneric/Petron vs. Pentron Ceramics). A copy of the date-stamped postcard receipt therefor is attached hereto as **Exhibit I**. However, the December 1, 2006 filing does not appear in the '951 file history or transaction record. As Buchanan has transferred its file to another firm, and the '951 application is not currently available in public PAIR, a full copy of this filing is unavailable at this time.

11. On or about January 3, 2008, Buchanan transferred responsibility for the above-identified application (hereafter "the '951 application") to the law firm of Bond, Schoeneck & King LLC, at the client's/applicant's request.

12. The entire period of delay in responding to the deadline set by the Official Action of April 7, 2006, while Buchanan was responsible for the '951 application, was unintentional because neither I nor Buchanan were aware of the existence of the Official Action or any deadline associated therewith.

13. I further declare that all statements made herein of my own knowledge are true and that all statements on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful statements may jeopardize the validity of the application or any patent issuing thereon.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136.
